

## **MANFRED KOO, MD**

Dr. Manfred Koo earned his MD and MSc in France (University of Paris VI - Pierre & Marie Curie) and an MBA from the Rotman School of Management at the University of Toronto.

Dr. Koo has pursued a career in science, health care policy, and management consulting over the past 20 years. He directed clinical and basic science research at the Wellesley Hospital and the University Health Network (Toronto Western Hospital). He has been a senior advisor to the Government of Ontario, within the Ministry of Health & Long Term Care and the Ministry of Research & Innovation. He is currently an independent management consultant, working in the area of clinical informatics and biotechnology product development.

Dr. Koo serves on the Baycrest Centre Board and is a member of the Strategic Planning Committee.
