

eVisit Program Eligibility Criteria

Baycrest's eVisit program allows families and friends to connect with residents of the Apotex Centre, Jewish Home for the Aged through audio or video calls. The eVisits are facilitated by Baycrest staff members through the use of WhatsApp, FaceTime, Zoom or a standard phone call, and they are for social purposes only. Any health-related concerns are to be directed to a member of your care team.

We are pleased to be seeing more of our residents' loved ones on our campus, in line with Ministry directives and alongside our stringent infection prevention protocols. However, we understand that some residents have loved ones who are unable to visit in person for a variety of reasons. We are happy to be able to facilitate eVisits for these residents. Residents who meet the criteria below will be considered for participation in the eVisit program. Staff will coordinate the eVisit appointment dates/times with each participating resident and their loved ones.

To apply for the eVisit program, please complete the form below and submit it to the resident's social worker. The social worker will confirm the status of the application with the resident and family. Contact information for all social workers is provided at the bottom of this form.

Name of resident:

Room number:

Please select all that apply.

Please select all that apply.

☐ Resident does not have any in-person visitors. Please explain below.

- ☐ Family/friends are in quarantine, restricting on-site visitation.
- ☐ The resident is on isolation.
- ☐ Unit/home is on outbreak.
- ☐ eVisit is a behavioural intervention.
