 - (1) the HSP acknowledges that if it is provided with planning targets, these targets are: (A) targets only, (B) provided solely for the purposes of planning, (C) are subject to confirmation, and (D) may be changed at the discretion of the LHIN in consultation with the HSP.  - (4) if requested by the LHIN.
- (b) **LHIN Evaluation of the Pre-proposal.** Use of the pre-proposal process is not formal Notice of a proposed integration under section 27 of the Act. LHIN consent to develop the project concept outlined in a pre-proposal does not constitute approval to proceed with the project. Nor does LHIN consent to develop a project concept presume the issuance of a favourable decision, should such a decision be required by sections 25 or 27 of the Act. Following the LHIN's review and evaluation, the HSP may be invited to submit a detailed proposal and a business plan for further analysis. Guidelines for the development of a detailed proposal and business case will be provided by the LHIN.

6.4 **Proposing Integration Activities in the Planning Submission.** No integration activity described in section 6.3 may be proposed in a CAPS unless the LHIN has consented, in writing, to its inclusion pursuant to the process set out in subsection 6.3(b).

The HSP agrees that it will take all actions, and provide all information, required by the LHIN to facilitate the transition of the HSP's clients.

Any waiver must refer to a specific failure to comply and will not have the effect of waiving any subsequent failures to comply.
- 14.5 Parties Independent.** The Parties are and will at all times remain independent of each other and are not and will not represent themselves to be the agent, joint venturer, partner or employee of the other. - 14.9 **Governing Law.** This Agreement and the rights, obligations and relations of the Parties hereto will be governed by and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein. Appendix A

1. **HSP:** Baycrest Centre for Geriatric Care
2. **Program/Initiative:** Exercise and Falls Prevention Initiative - Expansion
3. **Funding:** \$61,760 (2013-14); \$92,640 (2014-15)
4. **Terms and Conditions of Funding** (the "Terms and Conditions")

The HSP acknowledges and agrees that:

- (i) The Funding is provided pursuant to the terms and conditions of the Multi-Sector Service Accountability Agreement (the "M-SAA"). To the extent that there are any conflicts between what is in the M-SAA and what is added to the M-SAA by this letter in respect of the Funding, the Terms and Conditions will govern. All other terms and conditions in the M-SAA will remain the same.
- (ii) It will use the Funding only for the program/initiative indicated in this letter, in accordance with these Terms and Conditions.
- (iii) It will maintain financial records for the Funding.
- (iv) Financial/Expenditure report and/or progress report confirming funding spent and objectives achieved to be provided at fiscal year-end or upon request.
- (v) Unspent funds and funds not used for the intended and approved purposes, are subject to recovery by the LHIN in accordance with the Ministry's year-end reconciliation policy.

Furthermore, the government remains committed to eliminating the deficit by 2017-18 while focusing on priorities in healthcare, education and job creation. That commitment includes moving forward to transform public services by changing the way programs and services are delivered. The Broader Public Service (BPS) plays a critical role in providing services to the people of Ontario and the government has always valued, and will continue to value that work.

- a. Compensation costs account for over 50 per cent of Ontario funded program spending. To meet the government's fiscal targets, all compensation costs must be addressed within Ontario's existing fiscal framework which includes no funding for incremental compensation increases for new collective agreements.
- b. Ontario is expecting all public sector partners, including employers and bargaining agents to work together to control current and future compensation costs including wages, benefits and pension. Employers and bargaining agents should look to mechanisms such as productivity improvements as a way to achieve fiscal and service delivery goals.
- c. The *Broader Public Sector Accountability Act, 2010*, implements compensation restraint measures for designated executives at hospitals, universities, colleges, school

boards and designated organizations. The restraint measures are effective March 31, 2012, and are in place until the deficit is eliminated in 2017-18.

- d. Decisions related to compensation for non-executives who are not governed by collective agreements should live within fiscal targets.

5. Additional Terms and Conditions

- Funding for service provision is restricted to organizations that can be approved as agencies under the Home Care and Community Services Act, 1994 (HCCSA), that is, not for profit corporations, co-operatives, municipalities and First Nations. The exercise and falls prevention classes will fall within the "social and recreational services"

Under the HCCSA, approved agencies (which are health service providers under the *Local Health System Integration Act, 2006* (LHSIA)) may provide services directly or indirectly. Services can be provided indirectly through agreements with service providers (which can be for-profit or not-for-profit organizations).

- The exercise and falls prevention services affected by changes to physiotherapy services are replicated as of August 1st, 2013 in order to minimize disruption and ensure continuity for seniors.
- Exercise and Falls prevention classes are expanded in communities to increase access to these services for all seniors.
- Classes are intended to be accessible to exercise classes and falls prevention classes.
- Ensure the delivery of exercise and falls prevention classes adhere to the following parameters:

Exercise Classes – for each series of classes or location

- Four 30 minute classes per week or other combinations to ensure the same level of access – conducted all year round (48 weeks) to promote access to regular physical activities.
- The classes are provided by a range of trained individuals/licenses exercise instructors paid at a rate of approximately \$25/hour.
- No fees can be charged for these services and there should not be any limits on the number of classes an individual senior can attend.

Falls Prevention Classes – for each series of classes or location

- Four 30 minute classes per week or other combinations to ensure the same level of access – conducted 12 weeks per year.

Baycrest Centre for Geriatric Care

The restraint measures are effective March 31, 2012, and are in place until the deficit is eliminated in 2017-18.
