Pop-up Blockers

Your web browser (e.g. Internet Explorer, Firefox, Chrome, etc.) may block the modules from opening if it is set to block pop-ups. This document will show you how to allow pop-ups in your web browser.
Table of Contents

Example Error Message .................................................................................................................. 3

Internet Explorer .......................................................................................................................... 4

Chrome ...................................................................................................................................... 10

Firefox ..................................................................................................................................... 16
Example Error Message

Figure 1

Here is an example of what a pop-up error message may look like.

It appears that popup windows are blocked, stopping this SCORM package from playing. Please check your browser settings before trying again.
